2. Risk Acknowledgement

2.1 The Client acknowledges, recognizes and understands that trading and investments

in leveraged as well as non-leveraged Contracts is:

- 2.1.1 highly speculative;
 - 2.1.2 may involve an extreme degree of risk; and
 - 2.1.3 Is appropriate only for persons who, if they trade on margin, can assume risk of loss in excess of their margin deposit.
- 2.2 The Client acknowledges, recognizes and understands that:
- 2.2.1 because of the low margin normally required in Margin Trades, price changes in the underlying asset may result in significant losses, which losses may substantially exceed the Client's investment and margin deposit;
 - 2.2.2 when the Client directs ALGOBI to enter into any transaction, any profit or loss arising as a result of a fluctuation in the value of the asset or the underlying asset will be entirely for the Client's account and risk;
 - 2.2.3 the Client warrants that the Client is willing and able, financially and otherwise, to assume the risk of trading in speculative investments;
 - 2.2.4 the Client agrees not to hold ALGOBI responsible for losses incurred as a consequence of ALGOBI carrying the Client's account and following its recommendations or suggestions or those of its employees, associates or representatives, unless ALGOBI has exercised gross negligence in connection herewith;
 - 2.2.5 The Client is aware of the fact that unless it is otherwise specifically agreed, ALGOBI shall not conduct any continuous monitoring of the transactions already entered into by the Client neither individually nor manually. Hence, ALGOBI cannot be held responsible for the transactions developing differently from what the Client might have pre-supposed and/or to the disadvantage of the Client;
 - 2.2.6 the Client accepts that guarantees of profit or freedom from loss are impossible in investment trading; and
 - 2.2.7 the Client accepts that the Client has received no such guarantees or similar representations from ALGOBI, from an Introducing Broker, or representatives hereof or any other entity with whom the Client is conducting a ALGOBI account.
 - 2.2.8 The client acknowledges that they may lose some or more of their invested capital,

therefore they should not speculate with capital they cannot afford to lose.

3. Client Classification

3.1 ALGOBI attaches different levels of regulatory protection to each category and hence to Clients within each category. In particular, Retail Clients are afforded the most regulatory protection; Professional Clients are considered to be more experienced, knowledgeable and sophisticated and able to assess their own risk and are thus afforded fewer regulatory protections.

3.2 ALGOBI offers its Clients the possibility to request reclassification online and thus to increase or decrease the level of regulatory protections afforded. Where a Client requests a different categorization (either on an overall level or on a product level), the Client needs to meet certain specified quantitative and qualitative criteria.

3.3 On the basis of the Client's request, ALGOBI undertakes an adequate assessment of the expertise, experience, and knowledge of the Client to give reasonable assurance, in the light of the nature of transactions or services envisaged that the Client is capable of making his/her own investment decisions and understanding the risks involved. However, if the above-mentioned criteria are not met, ALGOBI reserves the right to choose whether to provide services under the requested classification.

4. Services

4.1 Subject to the Client fulfilling its obligations under this Agreement, ALGOBI may enter into transactions with the Client in the following securities;

4.1.1 Futures, and CFDs on commodities, securities, interest rate and debt securities, stock or other indices, currencies and base and precious metals;

4.1.3 Options and warrants to acquire or dispose of any of the Securities above, including options and Contract Options;

4.1.4 Managed assets whether as OTC or stock exchange traded Securities; and

4.1.5 Such other investments as ALGOBI may from time to time agree.

4.2 The Services provided by ALGOBI may involve:

4.2.1 Margined transactions; or

4.2.2 Transactions in Securities which are: traded on exchanges which are not recognized or designated investment exchanges; and/or not traded on any stock or investment exchange; and/or not immediately and readily realizable.

4.3 Orders may be placed as market orders to buy or sell as soon as possible at the price obtainable in the market, or on selected products as limit and stop orders to trade when the price reaches a pre-defined level. Limit orders to buy and stop orders to sell must be placed below the current market price, and limit orders to sell and stop orders to buy must be placed above the current market price. If the bid price for sell orders or ask price for buy orders is reached, the order will be filled as soon as possible at the price obtainable in the market. Limit and stop orders are executed consistent with "ALGOBI's Best Execution Policy" and are not guaranteed executable at the specified price or amount, unless explicitly stated by ALGOBI for the specific order.

4.4 In relation to any transaction or Contract, ALGOBI will effect such transaction or Contract as Principal unless it is specifically agreed that ALGOBI shall act as Agent for the Client.

4.5 The Client shall, unless otherwise agreed in writing, relative to ALGOBI enter into Contracts as Principal.

4.6 If the Client acts as Agent, regardless of whether the Client identifies the Principal to ALGOBI, ALGOBI shall not be obliged to accept the said Principal as a client, and consequently ALGOBI shall be entitled to consider the Client as Principal in relation to the Contract.

4.7 When the Client enters into a Contract Option with ALGOBI, ALGOBI will act as counterparty to the Client. ALGOBI will enter into a contract with a Counterparty which is identical in all respects to the contract between ALGOBI and the Client. The Counterparty will in turn enter into a contract on the relevant exchange (unless Market Rules requires the Counterparty to act as ALGOBI's agent in which case ALGOBI will enter into a contract on the exchange). The Client is contracting with ALGOBI and has no right of recourse against ALGOBI's Counterparties or any right over contracts between ALGOBI and its Counterparties.

4.8 In the event ALGOBI shall not provide advice, information or recommendations to the Client ALGOBI shall not be responsible for the profitability of such advice, information or recommendation as further stipulated in Clause 21, and the Client acknowledges, recognizes and understands that:

4.8.1 All transactions in exchange-traded investments and many Contracts will be effected subject to, and in accordance with, Market Rules;

4.8.2 Market Rules usually contain far-reaching powers in an emergency or otherwise undesirable situation;

4.8.3 If any exchange or clearing house takes any action which affects a transaction or Contract, directly or indirectly, including any Contract Option, then ALGOBI is entitled to take any action relevant to the situation and reasonable to the parties in the interests of the Client and/or ALGOBI;

4.8.4 ALGOBI shall not be liable for any loss as further stipulated in Clause 22.3 and suffered by the Client as a result of the acts or omissions of any exchange or clearing house or any action reasonably taken by ALGOBI as a result of such acts or omissions unless ALGOBI has exercised gross negligence in connection hereby;

4.8.5 Where any transaction is effected by ALGOBI as Agent for the Client, delivery or payment (as appropriate) by the other party to the transaction shall be at the Client's entire risk;

4.8.6 ALGOBI's obligation to deliver investments to the Client or to account to the Client or any other person on the Client's behalf for the proceeds of sale of investments shall be conditional upon receipt by ALGOBI of deliverable documents or sale proceeds (as appropriate) from the other party or parties to the transaction;

4.8.7 ALGOBI may in whole or in part, on a permanent or temporary basis withdraw any account facility provided by ALGOBI to the Client. Situations where ALGOBI may take such action include situations where:

- ALGOBI considers that the Client may be in possession of Inside Information;
- ALGOBI considers that there are abnormal trading conditions; or

- ALGOBI is unable to calculate prices in the relevant Contract due to the unavailability of the relevant market information.

ALGOBI informs the Client of the withdrawal and the reasons for it, where possible, before the withdrawal and if this is not possible immediately thereafter, unless giving such information would compromise objectively justified security reasons;

- 4.9 ALGOBI shall not provide any advice to the Client on any tax issues related to any Services. The Client is advised to obtain individual independent counsel from its financial advisor, auditor or legal counsel with respect to tax implications of the respective Services.
- 4.10 Notwithstanding any other provision of this Agreement, in providing its Services, ALGOBI shall be entitled to take any action considered necessary and reasonable to ensure compliance with the Market Rules and all other applicable laws and regulatory decisions.

5. Dealings between ALGOBI and the Client

- 5.1 The Client may provide ALGOBI with oral or written instructions (which shall include instructions provided via the internet or by e-mail as described below). ALGOBI shall acknowledge the reception of the instructions orally or in writing, as appropriate.
- 5.2 The Client shall inform ALGOBI in writing of the persons the Client has granted a Power of Attorney to instruct ALGOBI on behalf of the Client. For practical reasons, ALGOBI can only undertake to register one Power of Attorney for the Client. If the Client at any time wishes to revoke such a Power of Attorney, to change the extent of the Power of Attorney, or grant Power of Attorney to a different person this shall also be informed to ALGOBI in writing. ALGOBI is in accordance with general rules regarding Power of Attorneys entitled to receive instructions from any person authorized by the Client as well as persons who appear authorized.
- 5.3 In addition to the terms listed on ALGOBI's website and the terms stated in Section 6 regarding the Trading Platform, the following terms apply to Contracts executed on the internet:
- 5.3.1 ALGOBI shall not undertake the risk towards Clients for any loss, expense, cost

or liability suffered or incurred by the Client due to failure of the system, transmission failure or delays or similar technical errors unless ALGOBI has exercised gross negligence in connection herewith, notwithstanding Clause 6.9;

- 5.3.2 ALGOBI may offer real-time tradable prices to the Client. Due to delayed transmission between the Client and ALGOBI the price offered by ALGOBI may have changed before an order from the Client is received by ALGOBI. If automatic order execution is offered to the Client, ALGOBI shall be entitled to change the price on which the Client's order is executed to the market value at the time at which the order from the Client was received;
- 5.3.3 Prices offered by ALGOBI regarding the sale, purchase or exercise of Contract Options reflect the price of the relevant exchange traded product. Due to delays from the Client's execution of an order or instruction regarding a Contract Option to the execution of the relevant exchange traded product on the exchange, the price as listed on the Trading Platform is subject to change, in order for the Contract Option to reflect the price of the relevant exchange traded product at the time of its execution or exercise (as applicable);
- 5.3.4 The Trading Platform may be available in several versions, which may be differentiated in various aspects including, but not limited to the level of security applied, products and services available etc. ALGOBI shall not be liable to the Client for any loss, expense, cost or liability suffered or incurred by the Client due to the Client using a version different from ALGOBI's standard version with all available updates installed;
- 5.3.5 The Client shall be responsible for all orders, and for the accuracy of all information, sent via the internet using the Client's name, password or any other personal identification means implemented to identify the Client;
- 5.3.6 The Client is obliged to keep passwords secret and ensure that third parties do not obtain access to the Client's trading facilities;
- 5.3.7 If the Trading Platform is used for Commercial use the Client is liable to ALGOBI for Contracts executed by use of the Client's password even if such use might be wrongful;
- 5.3.8 Regardless of the fact that the Trading Platform might confirm that a Contract is

executed immediately when the Client transmits instructions via the Trading Platform, it is the Settlement/Trade Confirmation forwarded by ALGOBI or made available to the Client on the Trading Platform which solely constitutes ALGOBI's confirmation of execution.

- 5.4 Any instruction sent via the Trading Platform or by e-mail by the Client shall only be deemed to have been received and shall only then constitute a valid instruction and/or binding Contract between ALGOBI and the Client when such instruction has been recorded as executed by ALGOBI and confirmed by ALGOBI to the Client through the Settlement/Trade Confirmation and/or Account Statement, and the mere transmission of an instruction by the Client shall not constitute a binding Contract between ALGOBI and the Client.
- 5.5 The Client shall promptly give any instructions to ALGOBI, which ALGOBI may require. If the Client does not give such instructions promptly, ALGOBI may, at its reasonable discretion, take such steps at the Client's cost, as ALGOBI considers necessary or desirable for its own protection or the protection of the Client. This provision is similarly applicable in situations when ALGOBI is unable to obtain contact with the Client.
- 5.6 If the Client does not provide ALGOBI with notice of its intention to exercise an option, a Contract Option or another Contract which requires an instruction from the Client at the time stipulated by ALGOBI, ALGOBI may treat the option or Contract as abandoned by the Client. If the Client wishes to exercise an option, Contract Option or another Contract, the Client must provide ALGOBI with notice thereof in reasonable time (and within applicable cut-off times) for ALGOBI to exercise the corresponding right under any contract equivalent to the Contract Option that ALGOBI has entered into with any Counterparty. Contract Options (put and call) that close one tick or more in the money on the last trading day will automatically be exercised, regardless of whether the Client has purchased or sold the Contract Option. The Client cannot instruct ALGOBI not to exercise Contract Options that are in the money at expiry and cannot at any time instruct ALGOBI to exercise Contract Options that are out of the money.
- 5.7 ALGOBI applies a random method of assignment among its Clients' Contract Options when ALGOBI is notified by its Counterparties that one or more short option positions have been assigned. ALGOBI's allocation method randomly selects short

Contract Options among all ALGOBI's Clients' positions, including Contract Options opened immediately prior to the assignment. All short Contract Options are liable for assignment at any time. If a short Contract Option is assigned, the Client is obliged, within the applicable time of delivery, to deliver the relevant amount of cash or assets in the case of a call Contract Option and the relevant amount of cash in the case of a put Contract Option, to effect settlement.

- 5.8 ALGOBI may (but shall not in any circumstances be obliged to) require confirmation in such form as ALGOBI may reasonably request if an instruction is to close an Account or remit money due to the Client or if it appears to ALGOBI that such confirmation is necessary or desirable.
- 5.9 Pursuant to general rules regarding power of attorney the Client is accountable to ALGOBI for losses which ALGOBI may suffer as a result of instructions from a person who has explicitly or tacit power of attorney to give ALGOBI instructions on behalf of the Client.
- 5.10 ALGOBI reserves the right in its absolute discretion to cancel, unwind, close out, repair, reinstate or take other action it may deem necessary with respect to open or closed trades of Client or instructions from the Client where the trades executed or instructions submitted would be in violation of, but not limited to, the Agreement, securities markets legislation, usual market practices, legislation on money laundering or financial terrorism crime or insider trading or if the Client is using or has otherwise engaged proprietary or third party malicious and manipulative software or plugins or general trading style that in ALGOBI's, its eligible counterparties' or liquidity providers' view, has the actual, suspected or potential nature of breaching the Agreement or relevant securities markets legislation or ALGOBI believes that to execute its absolute discretion with the regards to the above matters is necessary to protect its own interests, or the interests of its Clients.
- 5.11 In general, ALGOBI shall act according to instructions as soon as practically possible and shall, as far as trading instructions are concerned, act consistent with the broker's Best Execution Policy. However, if after instructions are received, ALGOBI believes that it is not reasonably practicable to act upon such instructions within a reasonable time, ALGOBI may defer acting upon those instructions until it is, in ALGOBI's reasonable opinion, practicable to do so or as soon as possible notify the Client that ALGOBI is refusing to act upon such instructions.

5.12 It is possible that errors may occur in the prices of transactions quoted by ALGOBI. In such circumstances, without prejudice to any rights it may have, ALGOBI shall not be bound by any Contract which purports to have been made (whether or not confirmed by ALGOBI at a price which:

- i ALGOBI is able to substantiate to the Client was manifestly incorrect at the time of the transaction; or
- ii Was, or ought to have reasonably been known by the Client to be incorrect at the time of the transaction. In which case ALGOBI reserves the right to either
 - cancel the trade all together or
 - Correct the erroneous price at which the trade was done to either the price at which ALGOBI hedged the trade or alternatively to the historic correct market price.

5.13 Trading strategies aimed at exploiting errors in prices and/or concluding trades at off-market prices (commonly known as "sniping") are not accepted by ALGOBI. Provided that ALGOBI can document that there on the time of the conclusion of the trade were errors in prices, commissions, or in the Trading Platform, and provided ALGOBI can render probable that the Client, based on its trading strategy or other provable behavior, deliberate and/or systematically has exploited or attempted to exploit such an error, ALGOBI is entitled to take one or more of the following countermeasures:

- i adjust the price spreads available to the Client;
- ii restrict the Client's access to streaming, instantly tradable quotes, including providing manual quotation only;
- iii retrieve from the Client's account any historic trading profits that ALGOBI can document have been gained through such abuse of liquidity at any time during the client relationship; and/or
- iv Terminate the client relationship immediately by giving written notice.

5.14 If the Client is more than one person (for example, joint accountholders):

- i the liabilities of each such person shall be direct, joint and several;

- ii ALGOBI may act upon instructions received from anyone person who is, or appears to ALGOBI to be, such a person, whether or not such person is an Authorized Person;
- iii any notice or other communication provided by ALGOBI to one such person shall be deemed to have been provided to all such persons; and
- iv The rights of ALGOBI under Clause 20 shall apply if an event described in Clause 20 shall be deemed to have occurred in respect of any one of such persons.

5.15 The Client agrees that ALGOBI may record all telephone conversations, internet conversations (chat), and meetings between the Client and ALGOBI and use such recordings, or transcripts from such recordings, as evidence towards any party (including, but not limited to, any regulatory authority and/or court of law) to whom ALGOBI at its reasonable discretion sees it to be desirable or necessary to disclose such information in any dispute or anticipated dispute between ALGOBI and the Client. However, technical reasons may prevent ALGOBI from recording a conversation, and recordings or transcripts made by ALGOBI will be destroyed in accordance with ALGOBI's normal practice. Consequently, the Client should not rely on such recordings to be available.

5.16 When the Client instructs ALGOBI to enter into a position opposite to one or more of the Client's open positions, ALGOBI will close out the opposite position in accordance with the FIFO principles unless the position has related orders or otherwise agreed.

5.17 The Client acknowledges that ALGOBI has the right to, but not the obligation to close directly opposite positions. This applies not only when the positions are held on the on the same account, but also when they are held on separate accounts.

5.18 If the Client operates several Accounts (or subaccounts) and opposite positions are opened on different Accounts (or sub-accounts), ALGOBI shall not close out such positions. The Client is specifically made aware that unless closed manually, all such positions may be rolled over on a continuous basis and thereby consequently all incur a cost for such roll-over.

6. Special Note on the Use of the Trading Platform

- 6.2 The Client shall enter his user ID and password when logging on to the Trading Platform. The Client should memorize the password. The Client is obligated to notify ALGOBI without undue delay on becoming aware of unauthorized use of the Trading Platform, or if the Client suspects that the password has been misappropriated by a third party, the Client shall contact ALGOBI immediately to block his Trading Platform. The Client can then order a new password. The Client is for a period of 18 months after notification entitled to request ALGOBI to provide the Client with the means to prove that he made such notification.
- 6.3 The Client can block his Trading Platform at any time by contacting ALGOBI. Blocking the Trading Platform prevents other people from accessing it. Open orders and positions placed on the platform before the blocking will not be affected by the blocking unless the Client specifically requests so, and the Client is responsible for deciding about his positions.
- 6.4 The right to use the Trading Platform is personal, and the Client shall not allow other persons to use his user ID and/or his password. If the Client wants to allow a third party to trade on the Client's account, the Client shall issue a separate power of attorney to the relevant third party. The power of attorney shall be written on one of ALGOBI's power of attorney forms. The issue of the power of attorney shall be approved by ALGOBI.
- 6.5 From the Trading Platform the Client can print reports on trading activities and his account balances.
- 6.6 Where the Client has placed an order which he subsequently regrets, the Client may request that the order be cancelled up until the time of execution. The Client is aware that ALGOBI is under no obligation to cancel the order. A request for cancellation or an order can be made via the Trading Platform or by calling ALGOBI Sales Trading. Requests concerning cancellation of orders generated when the margin is exceeded can only be made to ALGOBI Sales Trading. An order shall not be considered to be cancelled until the Client has received a written confirmation from ALGOBI.
- 6.7 The Client shall not be liable for unlawful use of the Trading Platform occurring after the Client has informed ALGOBI.
- 6.8 Where the Trading Platform is used for Private Use, ALGOBI shall be liable for

direct losses resulting from defectively executed orders, unless defectively executed order is due to conditions for which the Client is liable. ALGOBI shall not be liable for any indirect losses.

6.9 ALGOBI shall not be liable for losses in cases of abnormal and unforeseeable circumstances beyond the control of ALGOBI pleading for the application of those circumstances, the consequences of which would have been unavoidable despite all efforts to the contrary.

6.10 If the Trading Platform is used for Commercial use ALGOBI shall not be liable for any indirect losses and/or losses resulting from:

- i Operational failures preventing the use of the Trading Platform;
- ii Interruptions preventing the Client from accessing the Trading platform;
- iii Use of the Internet as a means of communication and transport;
- iv Damage caused by matters relating to the Client's own computer systems.

6.11 ALGOBI shall not be responsible for losses resulting from the Client's installation and use of the computer programs used on the Trading Platform, unless such liability follows from indispensable rules of law. Where the Trading Platform is used for Commercial Use, the Client shall be responsible for ensuring that the Trading Platform is adequately insured against direct and indirect losses which may result from the installation and use of the computer programs in the Client's computer system. Furthermore, the Client shall be obliged to make backup copies of data which, should such data be lost, might result in losses for the Client.

6.12 ALGOBI reserves the right to archive or disable the Client Account that is inactive (no trading and/or deposit/withdrawal activity) for at least 90 calendar days and has a balance of equal or less than 10 euros or equivalent in other currencies. The Client Account may be restored from archive only to generate a report/statement and not for trading or depositing. Restored Client Account is again put back to archive once the report/statement is generated. The Client may always open a new trading account and is allowed to transfer any archived balance to the new account. ALGOBI is not obligated to inform the Client prior to or after activation/disabling.

7. Margins, Security, Payments And Delivery

7.1 The Client shall pay to ALGOBI on demand:

- i Such sums of money by way of deposits, or as initial or variation margin as ALGOBI may require. In the case of a Contract effected by ALGOBI on an exchange, such margin shall be not less than the amount or percentage stipulated by the relevant exchange plus any additional margin that ALGOBI at its reasonable discretion may require
- ii such sums of money as may from time to time be due to ALGOBI under a Contract and such sums as may be required in or towards clearance of any debit balance on any Account;
- iii Any amount to maintain a positive cash balance on any and all Account(s).

7.2 When dealing with Contract Options ALGOBI will enter into a contract with its Counterparties which is identical in all respects to the Contract Option between ALGOBI and the Client and ALGOBI may under such Counterparty contract be required to deliver additional margin from time to time. ALGOBI may without notice change the margin requirement towards the Client to reflect changes in applicable margin requirements for ALGOBI from time to time under any Counterparty contract.

7.3 If the Client makes any payment which is subject to any price fluctuations, withholding or deduction, the Client shall pay to ALGOBI such additional amount to ensure that the amount actually received by ALGOBI will equal the full amount ALGOBI would have received had no price fluctuations, withholding or deduction been made.

7.4 Payments into the Client's account are deposited by ALGOBI on the condition of ALGOBI receiving the amount in question. This shall apply irrespective of whether it has been explicitly stated in receipts or other notices of or requests for payment.

7.5 With the prior written agreement of ALGOBI on each occasion, the Client may deposit Security with ALGOBI or provide ALGOBI with a guarantee or indemnity from a person and in a form acceptable to ALGOBI instead of cash for the purpose of complying with its obligations. The Client is made specifically aware that ALGOBI at its reasonable discretion may determine the value by which Security

shall be registered and consequently contribute to ALGOBI's demand towards the Client and ALGOBI may continuously change such value of Security without prior notice to the Client.

7.6 The Client is made aware that securities held or deposited on the Client's account with ALGOBI the Client cannot put up as collateral or guarantee for any of the Client's obligations towards a third party.

7.7 Any Security will be held by an intermediate broker or eligible custodian, appointed by ALGOBI, and the intermediate broker or eligible custodian shall be responsible for claiming and receiving all interest payments, income and other rights accruing to the Client.

7.10 The Client shall be obliged to promptly deliver any money or property deliverable by it under a Contract in accordance with the terms of that Contract and with any instructions given by ALGOBI for the purpose of enabling ALGOBI to perform its obligations under any corresponding Contract entered into between ALGOBI and a third party.

7.11 If the Client fails to provide any margin, deposit or other sum due under this Agreement in respect of any transaction ALGOBI may close any open position without prior notice thereof to payment of any amounts due to ALGOBI. This is further regulated in Clause 8.2 and Clause 19.

7.12 If the Client fails to make any payment when it falls due, the Client shall pay interest (from the due date and until payment takes place) on the outstanding amount at the rate stated in the Commissions, Charges & Margin Schedule section on our website.

7.13 The Client is advised that ALGOBI shall have the right, in addition to any other rights it may have under this Agreement, to limit the size of the Client's open positions (net or gross) and to refuse orders to establish new positions. ALGOBI will inform the Client as soon as possible regarding such refused orders and the reason for the refusals. Situations where ALGOBI may exercise such right include, but are not limited to, where:

- i ALGOBI has reason to believe that the Client may be in possession of Inside Information;
- ii ALGOBI considers that there are abnormal trading conditions;
- iii the value of the Client's Security falls below the minimum margin requirement as defined in ALGOBI's Commissions, Charges & Margin Schedule; or
- iv The Client has a negative cash-balance on any Account.

7.14 Settlement of Contract Options shall correspond to the settlement of the relevant exchange traded option in accordance with the market rules and terms and conditions applicable to the relevant exchange traded option. For Contract Options on cash settled options, final settlement requires payment of the cash difference between the value of the underlying option and the strike price. For Contract Options regarding physically settled options, the Contract Options will settle into the respective contract, stock or other security. Contract Options regarding options on futures will settle into a future acquired at the strike price. ALGOBI will only allow the Client to trade Contract Options on Contracts with physical delivery if the Contract Option expires before the underlying Contract. ALGOBI will require Clients to close any Contract with physical delivery of commodities before they can be exercised (i.e. ALGOBI does not support physical delivery of commodities).

8. Margin Trades

- 8.1 On the date of the opening of a Margin Trade between ALGOBI and the Client, ALGOBI may require the Client to have margin on the Account at least equivalent to ALGOBI's initial margin requirement.
- 8.2 ALGOBI's margin requirement shall apply throughout the term of the Margin Trade. It is the Client's responsibility continuously to ensure that sufficient margin is available on the Account at any time. If practicably possible ALGOBI shall notify the Client if the margin requirements are not met. If, at any time during the term of a Margin Trade, the margin available on the Account is not sufficient to cover ALGOBI's margin requirement, the Client is obliged to reduce the amount of open Margin Trades or transfer adequate funds to ALGOBI. Even if the Client takes steps to reduce the size of open Margin Trades or to transfer sufficient funds to ALGOBI, ALGOBI may close one, several or all of the Client's Margin Trades or part of a Margin Trade and/or liquidate or sell securities or other property at the Client's account at its sole discretion without assuming any responsibility towards the Client for such action.
- 8.3 If ALGOBI due to insufficient margin, cf. Clause 8.2, may close one, several or all of the Client's Margin Trades, the Client shall expect, unless otherwise agreed and confirmed by ALGOBI that all of the Client's open Margin Trades will be closed.
- 8.4 If the Client has opened more than one Account, ALGOBI is entitled to transfer money or Security from one Account to another, even if such transfer will necessitate the closing of Margin Trades or other trades on the Account from which the transfer takes place.
- 8.5 ALGOBI's general margin requirements for different types of Margin Trades are displayed on ALGOBI's web site. However, ALGOBI reserves the right to determine specific margin requirements for individual Margin Trades.
- 8.6 The Client is specifically made aware that the margin requirements are subject to change without notice. When a Margin Trade has been opened, ALGOBI is not allowed to close the Margin Trade at its discretion but only at the Client's instruction or according to ALGOBI's rights under this Agreement. However, ALGOBI will increase the margin requirements if ALGOBI considers that its risk on a Margin Trade has increased as compared to the risk on the date of the opening.

9. Accounts

- 9.1 ALGOBI will make available to the Client a Settlement/Trade Confirmation in respect of any transaction or Contract entered into by ALGOBI with or for the Client and in respect of any open position closed by ALGOBI for the Client. Settlement/Trade Confirmations will normally be available instantly following the execution of the transaction.
- 9.2 An Account Summary and Account Statement are available to the Client through the Trading Platform. The Account Summary will normally be updated periodically during ALGOBI's opening hours. The Account Statement will normally be updated every Business Day with information for the previous Business Day. By accepting this Agreement the Client agrees not to receive any Account Statements or Account Summaries in printed form from ALGOBI other than upon specific request.
- 9.3 Any notice or other communication to be provided by ALGOBI under the Terms, including Account Statements and Settlement/Trade Confirmations, may be sent by ALGOBI at its option to the Client in electronic form by e-mail or by display on the Client's account summary on the Trading Platform. The Client is obliged to provide ALGOBI with an e-mail address for this purpose. An e-mail message is considered received by the Client when sent from ALGOBI. ALGOBI is not responsible for any delay, alteration, re-direction or any other modification the message may undergo after transmission from ALGOBI. A message on the Client's account on the Trading Platform is considered received by the Client when ALGOBI has placed the message on the Trading Platform. It is the responsibility of the Client to ensure that the Client's software and hardware setup does not stand in the way of the Client receiving e-mails or get access to the Trading Platform from ALGOBI.
- 9.4 The Client is obliged to verify the contents of each document, including documents sent in electronic form from ALGOBI. Such documents shall, in the absence of manifest error, be deemed conclusive unless the Client notifies ALGOBI in writing to the contrary immediately after having received such document. In the event that the Client believes to have entered into a transaction or Contract, which should have produced a Settlement/Trade Confirmations or otherwise a posting on the Client's account, but the Client has not received such confirmation, the Client must

inform ALGOBI immediately when the Client ought to have received such confirmation. In the absence of such information the transaction or Contract may at ALGOBI's reasonable discretion be deemed non-existent.

10. Commissions, Charges, and Other Costs

10.1 The Client shall be obliged to pay any fees/commissions/charges or other costs imposed by PSPs. The Client will be informed prior to any charge.

10.2 In addition to such commissions and charges, the Client shall be obliged to pay all applicable VAT and other taxes, storage and delivery charges, exchange and clearing house fees and all other fees incurred by ALGOBI in connection with any Contract and/or in connection with maintaining the Client relationship.

10.3 Furthermore, ALGOBI shall be entitled to demand that the following expenses are paid by the Client:

- i all extraordinary disbursements resulting from the client relationship e.g. telephone, telefax, courier, and postal expenses in case the Client requests hardcopy Settlement/Trade Confirmations, Account Statements etc. which ALGOBI could have delivered in electronic form;
- ii any expenses of ALGOBI, caused by non-performance by the Client, including a fee determined by ALGOBI in relation to forwarding of reminders, legal assistance etc.;
- iii any expenses of ALGOBI in connection with replies to inquiries by public authorities, including a fee determined by ALGOBI in relation to forwarding of transcripts and enclosures and for the preparation of copies;
- iv administration fees in connection with security deposits, and any expenses of ALGOBI in relation to a pledge, if provided, including any insurance premium payments; and
- v Any expenses of ALGOBI in connection with auditor's comments/reports if such is requested by the Client.

10.4 The fees will be charged either as a fixed amount corresponding to payments effected, or as a percentage or hourly rate corresponding to the service

performed. The methods of calculation can be combined. ALGOBI reserves the right to introduce new fees.

10.5 Unless specified otherwise in this Agreement, all amounts due to ALGOBI (or Agents used by ALGOBI) under this Agreement shall, at ALGOBI's option:

- i be deducted from any funds held by ALGOBI for the Client; or
- ii Be paid by the Client in accordance with the provisions of the relevant difference account, Settlement/Trade Confirmation or other advice.

11. Interest and Currency Conversions

11.1 Subject to the Clause below and save as otherwise agreed in writing, ALGOBI shall not be liable to:

- i pay interest to the Client on any credit balance in any Account or on any other sum held by ALGOBI; or
- ii Account to the Client for any interest received by ALGOBI on such sums or in- connection with any Contract.

11.2 The Client is entitled to interest on the basis of the Client's positive Net Free Equity in accordance with the terms in ALGOBI's Commissions, Charges & Margin Schedule.

11.3 The Client is obliged to pay interest on the basis of the Client's negative Net Free Equity in accordance with the terms in ALGOBI's Commissions, Charges & Margin Schedule.

11.4 ALGOBI may vary such interest rates and/or thresholds for interest calculation without notice when changes are to the Client's advantage, or the grounds for changes are due to external circumstances beyond ALGOBI's control. Such circumstances are:

- i Changes in the monetary or credit policies domestic or abroad that affect the general interest level in a way that is of importance to ALGOBI;
- ii Other changes in the general interest level, including in the money and bond markets, that is of importance to ALGOBI;

- iii Changes in the relationship with ALGOBI's Counterparties, which affect ALGOBI's cost structures.

11.5 ALGOBI may vary such interest rates where the Trading Platform is used for Commercial use with one month's notice, and where the Trading Platform is used for Private use with two months' notice if:

- i market conditions, including competitive behavior, call for a change to ALGOBI conditions;
- ii ALGOBI wishes to change its general commission, fee and pricing structure for commercial reasons; and/or
- iii Changes to significant particulars of the Client, based on which individual conditions were provided, occurs.

The Client is deemed to have accepted such changes if he does not, before the proposed date of their entry into force, notify ALGOBI that he does not accept them.

11.6 ALGOBI is entitled, but shall not in any circumstances be obliged, to convert:

- i any realized gains, losses, option premiums, commissions, interest charges and brokerage fees which arise in a currency other than the Client's base currency (i.e. the currency in which the Client's Account is denominated) to the Client's base currency;
- ii any cash currency deposit to another cash currency deposit for the purpose of purchasing an asset denominated in a currency other than the Client's base currency;
- iii any monies held by ALGOBI for the Client into such other currency as ALGOBI considers necessary or desirable to cover the Client's obligations and liabilities in that currency.

11.7 Whenever ALGOBI conducts currency conversions, ALGOBI will do so at such reasonable rate of exchange as ALGOBI selects. ALGOBI shall be entitled to add a mark-up to the exchange rates. The prevailing mark-up is defined in the Commissions, Charges & Margin Schedule.

12. Pledge Agreement

12.1 Any and all Security transferred to ALGOBI by the Client or held by ALGOBI or by ALGOBI's Counterparties on behalf of the Client is pledged as a security for any liability that the Client may have or get towards ALGOBI. Without limitation such Security shall comprise the credit balances on Accounts, the securities registered as belonging to the Client on ALGOBI's books, and the value of the Client's open positions with ALGOBI.

12.2 If the Client fails to fulfill any obligation under this Agreement, ALGOBI is entitled to sell any pledged Security immediately without any notice or court action. Such sale shall take place by the means that ALGOBI in its reasonable discretion determines and at the price that ALGOBI in its reasonable discretion determines to be the best obtainable.

13. Netting Agreement

13.1 If on any date the same amounts are payable under this Agreement by each party to the other in the same currency, then, each party's obligations to make payment of any such amount will be automatically satisfied by netting. If the amounts are not in the same currency, the amounts are converted by ALGOBI.

13.2 If the aggregate amount that is payable by one party exceeds the aggregate amount that is payable by the other party, then the party by whom the larger aggregate amount is payable shall pay the excess to the other party and the obligations to make payment of each party will be satisfied and discharged.

13.3 If the Client, at any time during the Client relationship, has a negative cash-balance in any Account, ALGOBI is entitled but not obligated to net between the Client's Accounts. The Client shall bear all the charges and any other costs associated with such netting in accordance with the Commissions, Charges & Margin Schedule.

13.4 If the Client relationship is terminated according to Clause 24, the claims that the parties have against each other shall be finally discharged by means of netting (closed). The value of open Contracts shall be determined according to the principles set forth below and the final amount to be paid by one of the parties shall

be the difference between the payment obligations of the parties.

13.5 Rates based on which the Contracts shall be closed shall be market rates applicable on the day on which ALGOBI decides to close the Contracts.

13.6 ALGOBI may at its reasonable discretion determine the rates by obtaining an offer from a Market Maker in the asset in question or by applying rates from electronic financial information systems.

13.7 When determining the value of the Contracts to be netted, ALGOBI shall apply its usual spreads and include all costs and other charges.

13.8 This netting agreement shall be binding towards the estate and creditors of the parties to the client relationship.

14. Market Making

14.1 When ALGOBI executes orders as Agent for the Client on a recognized stock or futures exchange, ALGOBI will not be a party to such a trade as such orders will be executed in the trading system of the relevant exchange at the best price and the most favorable conditions available at the time of the order or according to the Client's specific instructions, e.g. in a situation where the Client has chosen to limit the order. ALGOBI will not include any additional spread in the price of the execution achieved for the Client but will be remunerated according to the Commissions, Charges & Margin Schedule.

14.2 The Client is specifically made aware that in certain markets, including the foreign exchange markets, OTC foreign exchange options and CFD Contracts, ALGOBI may act as a Market Maker.

14.3 When acting as a Market Maker, ALGOBI will under normal market circumstances quote the Client bid and ask prices.

14.4 In order for ALGOBI to quote prices with the swiftness normally associated with speculative trading, ALGOBI may have to rely on available price or availability information that may later prove to be faulty due to specific market circumstances, for instance, but not limited to, lack of liquidity in or suspension of an asset or errors in feeds from information providers or quotes from Counterparties. If so and if ALGOBI has acted in good faith when providing the

price to the Client, ALGOBI may cancel the trade with the Client but shall do so within reasonable time and shall provide the Client with a full explanation for the reason for such cancellation.

14.5 Following execution of any position with a Client, ALGOBI may at ALGOBI's reasonable discretion subsequently offset each such client position with another client position, or a position with one of ALGOBI's Counterparties or retain a proprietary position in the market with the intention to obtain trading profits from such positions. Such decisions and actions may therefore result in ALGOBI off- setting client positions at prices different (sometimes significantly different) from prices quoted to clients, resulting in trading profits or losses for ALGOBI. This in turn can raise the possibility of the Client incurring what may be seen as an implied cost (i.e. the difference between the price at which the Client traded with ALGOBI and the price at which ALGOBI subsequently traded with Counterparties and/or other clients) due to any profits realized by ALGOBI as a result of the Market Making function. However, the Market Making function may involve significant costs to ALGOBI if the market moves against ALGOBI as compared to the price at which ALGOBI traded with the Client.

14.6 The Client accepts that ALGOBI in such markets where ALGOBI acts as Market Maker, may hold positions that are contrary to positions of the Client, resulting in potential conflicts of interest between ALGOBI and the Client, cf. Clause 16.

14.7 In markets, where ALGOBI acts as a Market Maker, the Client accepts that ALGOBI has no obligation to quote prices to clients at all times in any given market, nor to quote such prices to clients with a specific maximum spread.

14.8 In markets, where ALGOBI acts as a Market Maker, ALGOBI may or may not charge commissions. However, irrespective of whether or not ALGOBI charges any commissions, the Client accepts that ALGOBI will seek to make additional profits out of its performance as a Market Maker and the size of any such profits may be considerable if and when compared with the Client's margin deposit.

14.9 The Client acknowledges, recognizes and accepts that the price quoted to the Client includes a spread when compared with the price to which ALGOBI may have covered or expected to be able to cover the Contract in a trade with another

client or a Counterparty. Furthermore, the Client acknowledges, recognizes and accepts that said spread constitutes remuneration to ALGOBI and that such spread not necessarily can be calculated for all Contracts and that such spread will not be specified at the Settlement/Trade Confirmation or otherwise revealed to the Client.

14.10 The Client acknowledges, recognizes and accepts that ALGOBI quotes variable spreads on options. The Client is specifically made aware that variable option spreads are affected by actual market conditions, which are beyond ALGOBI's control. ALGOBI does not guarantee any maximum or minimum quotable option spreads.

14.11 Any commission costs, interest charges, costs associated to and included in the spreads quoted by ALGOBI as a Market Maker in certain markets and other fees and charges will consequently influence the Client's trading result and will have a negative effect on the Client's trading performance compared to a situation if such commission costs, interest charges, costs associated to and included in the spreads did not apply.

14.12 Whilst dealing spreads and commissions are normally considered moderate seen in relation to the value of the assets traded, such costs may be considerable when compared with the Client's margin deposit. As a consequence thereof the Client's margin deposit may be depleted by trading losses that the Client may incur and by the directly visible dealing costs such as commissions, interest charges and brokerage fees as well as the said not visible costs for the Client, caused by ALGOBI's performance as a Market Maker.

14.13 If the Client is an active trader and is undertaking numerous transactions, the total impact of as well visible as not visible costs may be significant. Consequently, the Client may have to obtain significant profits in the markets in order to cover the costs associated with trading activities with ALGOBI. For very active Clients, such costs may over time exceed the value of the margin deposited. Normally, when trading margined derivatives, the lower the percentage of the applicable margin rate, the higher the proportion of the costs associated with executing a transaction.

14.14 The Client is specifically made aware that in the area of market making in

foreign exchange, OTC foreign exchange options, CFD Contracts and other OTC products, significant implied costs can arise as a consequence of the profits made by ALGOBI performing in its capacity as a Market Maker.

14.15 ALGOBI's performance as a Market Maker may negatively affect the Client's Account with ALGOBI and the said implied costs are neither directly visible nor directly quantifiable for the Client at any time.

14.16 ALGOBI is at no time obliged to disclose any details of its performance or income produced as a Market Maker or otherwise related to other commissions, charges and fees.

14.17 The Client is specifically made aware that CFD Contracts may be OTC products quoted by ALGOBI whilst operating as a Market Maker and not traded on a recognized stock exchange. As a result, the description above of the implied, not visible costs related to ALGOBI's performance as a Market Maker may also apply to any CFD Contract.

15. Aggregation and Split

15.1 ALGOBI is in accordance with the broker's Best Execution Policy entitled to aggregate the Client's orders with the broker's own orders, orders of any of the broker's associates and/or persons connected with ALGOBI including employees and other clients. Furthermore, ALGOBI may split the Client's orders when executing these. The orders will only be aggregated or split if ALGOBI reasonably believes it to be in the best interest of the Client. On some occasion's aggregation and split of the Client's order may result in the Client obtaining a less favorable price than if the Client's orders had been executed respectively separately or mutually.

16. Conflicts of Interest

16.1 ALGOBI, its associates or other persons or companies connected with ALGOBI may have an interest, relationship or arrangement that is material in relation to any transaction or Contract effected, or advice provided by ALGOBI, under this Agreement. By accepting this Agreement and ALGOBI's Conflict of

Interest Policy (which distinctly describes the general character and/or background of any conflict of interest) the Client agrees that ALGOBI may transact such business without prior reference to any potential specific conflict of interest.

17. ALGOBI's Counterparties

17.1 In order to give effect to the Client's instructions, ALGOBI may instruct a Counterparty selected at ALGOBI's discretion and ALGOBI shall do so where the transaction is to be subject to the rules of an exchange or market of which ALGOBI a member is not.

17.2 ALGOBI shall not be responsible for errors committed by such Counterparties unless it is proven that ALGOBI has not acted with sufficient care when selecting the Counterparty.

18. Introducing Brokers

18.1 The Client may have been referred to ALGOBI by an Introducing Broker. If so, ALGOBI shall not be responsible for any agreement made between the Client and the Client's Introducing Broker. The Client acknowledges that any such Introducing Broker will either be acting as an independent intermediary or an Agent for the Client and that no such Introducing Broker shall be authorized to make any representations concerning ALGOBI or ALGOBI's Services.

18.2 The Client is specifically made aware that the Client's agreement with its Introducing Broker may result in additional costs as ALGOBI may pay fees or commission to such person.

18.3 The Client is also specifically made aware that the Client's agreement with its Introducing Broker may result in additional costs for the client because the Introducing Broker can deduct commissions and fees as well as price or interest/financing rate adjustments for any trade conducted on or allocated to the Clients account either by the Introducing Broker or the Client.

18.4 If the Introducing Broker undertakes any deductions from the Client's Trading Account according to any agreement between the Client and the Introducing Broker, ALGOBI has no responsibility as to the existence or validity of

such an agreement.

18.5 ALGOBI shall have no responsibility or liability to the Client in following the instructions given by the Introducing Broker. ALGOBI is under no obligation to supervise or otherwise know or review the payment instructions or any other acts, including but not limited to the trading, of the Introducing Broker.

18.6 The client acknowledges and accepts that frequent transactions may result in a sum total of commissions, fees, price or interest/financing rate adjustments for trades conducted that may be substantial and not necessarily be offset by the net profits, if any, achieved from the relevant trades. The responsibility for correctly assessing whether the size of the total commissions, fees, price or interest/financing rate adjustments for trades conducted paid from the Client's account makes trading commercially viable, is the combined responsibility of the Client and the Introducing Broker. ALGOBI only acts as the custodian and principal broker, and therefore is not responsible for the size of the commissions and fees as well as price or interest rate paid by the Client.

18.7 Any commissions, fees, price or interest/financing rate adjustments for trades conducted may be shared between the Introducing Broker, ALGOBI and third parties according to the Introducing Broker's written instructions and/or at ALGOBI's discretion.

19. Default and Default Remedies

19.1 The provisions contained in this Clause supplement any other rights that ALGOBI or any of its associates have according to this Agreement, including but not limited to the Pledge Agreement referred to in Clause 12, and furthermore any other rights ALGOBI has.

19.2 ALGOBI reserves the right to retain, or make deductions from, any amounts which ALGOBI owes to or is holding for the Client if any amounts are due from the Client to ALGOBI or ALGOBI's associates.

19.3 The Client authorizes ALGOBI, at ALGOBI's discretion, at any time and without notice, to sell, apply, set-off and/or charge in any manner any or all of the Client's property and/or the proceeds of any of the same of which ALGOBI or any of its associates or Agents has custody or control, in order to discharge any or all of

the Client's obligations to ALGOBI or to ALGOBI's associates.

19.4 Each and any of the following events shall constitute an Event of Default in relation to all of a Client's Contracts, Margin Trades, securities and other business with ALGOBI (regardless of whether the Event of Default only relates to part of the business with ALGOBI):

- i if the Client fails to make any payment or fails to do any other act required under this Agreement or by ALGOBI at its reasonable discretion;
- ii if the Client fails to remit funds necessary to enable ALGOBI to take delivery under any Contract on the first due date;
- iii if the Client fails to provide assets for delivery, or take delivery of assets, under any Contract on the first due date;
- iv if the Client dies or becomes of unsound mind;

An authentic SWIFT confirmation or Transfer Confirmation, showing the origin of the funds, must be sent to the Company. Failure to submit such SWIFT/Confirmation may result in the return of the deposited amount; hence preventing the deposit of such pending amounts to the Client's trading account. Any withdrawal of funds, from the Client's trading account to a bank account, can only be refunded to the same bank account that the funds were originally received from.

35.1.16 The Client acknowledges that the Company from time to time may decide to offer various base currencies. Currently the Company offers three base

currencies which are namely USD, GBP and EUR, therefore all deposits made in any other currency that the Company may decide to accept deposits shall be converted to USD, GBP or EUR as per the client's choice at the standard rate on the conversion day. The client shall bear all conversion charges/fees for not depositing funds in the base currencies offered by the company and acknowledges that his/her deposit may be debited sums which due to exchange rates and credit card Companies' fees, may slightly vary from the initial sum that has been deposited by the Client in the account base currency. The Client hereby accepts that such variations may occur, and he/she hereby affirms that shall not seek to object or charge this back. When the account base currency is either USD, GBP or EUR and the currency of the Client's credit/debit card is the same then the above difference/charges are usually avoided.

35.1.17 Credit/ Debit card deposits may be, according to credit/debit card companies' regulations/terms and conditions, returned to the same credit card when a withdrawal is performed. A withdrawal to credit a bank account where the initial deposits have been performed by a credit card will be executed back to the credit card or to the bank account only at the Company's discretion but in such a case a withdrawal to credit a bank account may take a longer period, due to additional security procedures and documentation that will be requested from the Client. The client acknowledges that for withdrawals via a payment service provider there are two base currencies (EUR/USD) therefore all withdrawals made in other currencies shall be converted to EUR/USD as per the client's choice at the standard rate on the conversion day. The client shall bear all applicable conversion charges. For withdrawals via a credit institution there are three base currencies available (EUR/USD/GBP) and the client shall pay any applicable fees/charges/costs. The Client is charged with any fees/costs/charges related to withdrawals either via bank or payment service provider and is entitled to pay for any conversion charges, if applicable.

The Client acknowledges that when rolling such Positions to the next business day, a Swap will be either added or subtracted from his/her Trading Account with respect to such Transaction ("**Rolling**"). The Swap amount is a constant percentage of the position value and is based on a number of factors including among others, whether the Position is a Buy or a Sell, interest rates, Underlying Asset differentials, daily price fluctuations and other economic and market related factors. The Swap for each offered

50. Appendix 1

1. Foreign Exchange and Derivatives

1.1 Effect of "Leverage" or "Gearing"

Transactions in foreign exchange and derivatives carry a high degree of risk. The amount of initial margin may be small relative to the value of the foreign exchange or derivatives contract so that transactions are "leveraged" or "geared". A relatively small market movement will have a proportionately larger impact on the funds you have deposited or will have to deposit; this may work against you as well as for you. You may sustain a total loss of initial margin funds and any additional funds deposited with ALGOBI to maintain your position. If the market moves against your position and/or margin requirements are increased, you may be called upon to deposit additional funds on short notice to maintain your position. Failing to comply with a request for a deposit of additional funds, may result in closure of your position(s) by ALGOBI on your behalf and you will be liable for any resulting loss or deficit.

1.2 Risk-reducing Orders or Strategies

The placing of certain orders (e.g. "stop-loss" orders, where permitted under local law, or "stop-limit" orders), which are intended to limit losses to certain amounts, may not be adequate given that markets conditions make it impossible to execute such orders, e.g. due to illiquidity in the market. Strategies using combinations of positions, such as "spread" and "straddle" positions may be as risky as taking simple "long" or "short" positions.

2. Options

1.3 Variable Degree of Risk

Transactions in options carry a high degree of risk. Purchasers and sellers of options should familiarize themselves with the type of option (i.e., put or call) which they contemplate trading and the associated risks. You should calculate the extent to which the value of the options must increase for your position to become profitable, taking into account the premium and all transaction costs. The purchaser of options may offset or exercise the options or allow the option to expire. The exercise of an option results either in a cash settlement or in the purchaser acquiring or delivering the underlying interest. If the option is on a future, the purchaser will acquire a futures position with associated liabilities for margin (see the section on Futures above). If the purchased option is out-of-the-money when it expires, you will suffer a total loss of your investment, which will consist of the option premium plus transaction costs. If you are contemplating purchasing out-of-the-money options, you should be aware that the chance of such options becoming profitable ordinarily is remote.

Selling ("writing" or "granting") an option generally entails considerably greater risk than purchasing options. Although the premium received by the seller is fixed, the seller may sustain a loss well in excess of that amount. The seller will be liable for additional margin to maintain the position if the market moves unfavorably. The seller will also be exposed to the risk of the purchaser exercising the option and the seller will be obligated to either settle the option in cash or to acquire or deliver the underlying interest. If the option is on a future, the seller will acquire a position in a future with associated liabilities for margin (see the section on Futures above). If the option is "covered" by the seller holding a corresponding position in the underlying asset, in a future or in another option, the risk may be reduced. In case the option is not covered, the risk of loss can be unlimited.

Certain exchanges in some jurisdictions permit deferred payment of the option premium, exposing the purchaser to liability for margin payments not exceeding the amount of the premium. The purchaser is still subject to the risk of losing the premium and transaction costs. When the option is exercised or expires, the purchaser is responsible for any unpaid premium outstanding at that time.

3. Additional Risks Common to Foreign Exchange and Derivative Transactions

3.1. Terms and Conditions of Contracts

You should ask the firm with which you deal about the terms and conditions of the Contracts entered into and information on associated obligations (e.g. the circumstances under which you may become obligated to make or take delivery of the underlying interest of a futures contract and, in respect of options, expiration dates and restrictions on the time for exercise). Under certain circumstances the specifications of outstanding contracts (including the exercise price of an option) may be modified by the exchange or clearing house to reflect changes in the underlying interest.

3.2. Suspension or Restriction of Trading and Pricing Relationships

Market condition (e.g. illiquidity) and/or the operation of the rules of certain markets (e.g., the suspension of trading in any contract or contract month because of price limits or "circuit breakers") may increase the risk of loss by making it difficult or impossible to effect transactions or close/ offset positions. If you have sold options, this may increase the risk of loss.

Normal pricing relationships between the underlying asset and a derivative do not always exist. The absence of an underlying reference price may make it difficult to judge "fair" value.

3.3. Deposited Cash and Property

You should familiarize yourself with the protections accorded the Security you deposit by way of money or other assets in domestic and foreign transactions, particularly in the event of a firm insolvency or bankruptcy. The extent to which you may recover your money or other assets is governed by the legislation and local rules in the country at which location the counterparty acts.

3.4. Commission and Other Charges

Before you begin to trade, you should obtain a clear explanation of all commission, fees and other charges for which you will be liable. These charges will affect your net profit or loss.

3.5. Transactions in Other Jurisdictions

Transactions on markets in other jurisdictions, including markets formally linked to a domestic market, may expose you to additional risk. Such markets may be subject to regulation, which may offer different or diminished investor protection. Your local regulatory authority will be unable to compel the enforcement of the rules of regulatory authorities or markets in other jurisdictions where your transactions have been effected.

3.6. Currency Risks

The profit or loss in transactions in foreign currency-denominated contracts in another currency than your account currency will be affected by fluctuations in currency rates where there is a need to convert from the currency denomination of the contract to the account currency.

3.7. Trading Facilities

Most open-outcry and electronic trading facilities are supported by computer-based component systems for the order-routing, execution, matching, registration or clearing of trades. As with all facilities and systems, they are vulnerable to temporary disruption or failure. Your ability to recover certain losses may be subject to limits on liability imposed by the system provider, the market, the clearing house and/or member firms. Such limits may vary: you should ask the firm with which you deal for details in this respect.

3.8. Electronic Trading

Trading on an electronic trading system may differ not only from trading in an open-outcry market but also from trading on other electronic trading systems. If you undertake transactions on an electronic trading system, you will be exposed to risks associated with the system including the failure of hardware and software. The result of any system failure may be that your order is either not executed according to your instructions, is not executed at all and a lack of capability to keep you informed continuously about your positions and fulfillment of the margin requirements.

3.9. Off-Exchange Transactions

In some jurisdictions firms are permitted to effect off-exchange transactions. The firm with

which you deal may be acting as your counterpart to the transaction. It may be difficult or impossible to liquidate an existing position, to assess the value, to determine a fair price or to assess the exposure to risk. For these reasons, these transactions may involve increased risks. Off-exchange transactions may be less regulated or subject to a separate regulatory regime. Before you undertake such transactions, you should familiarize yourself with applicable rules and attendant risks.
